Prez says:

Well if all this moisture we're getting this "summer" were to come starting in December, we could have a hell of a ski season. Speaking of ski season, the days are getting shorter so ski season is on its way. The trip chairs have been busy planning a trip schedule for 09-10 season. Hopefully it will be to your liking and you will be able to participate in some of the trips. On another subject, we ran a deficit monetarily wise for last year. We lost money on just about everything. We can't afford to that for long and our diligent treasurer doesn't like to see the red ink. Unfortunately we will have to raise some prices to be able to get a balanced budget. We are not the federal government. It looks like the dues will go to \$20 and a mailed paper news letter will be an additional \$15. The amount at the door may have to be raised also or we may have to cut back on the refreshments some. The board knows this is not a popular thing to have to do, but we need to be able to cover costs. We do not make operating profit from trips so as to keep those costs as low as possible. Thanks for your understanding.
